

*Administration of Barack Obama, 2013*

**Statement on the 40th Anniversary of the Supreme Court Decision in *Roe v. Wade***

*January 22, 2013*

On the 40th anniversary of *Roe v. Wade*, we reaffirm its historic commitment to protect the health and reproductive freedom of women across this country and stand by its guiding principle that government should not intrude on our most private family matters and women should be able to make their own choices about their bodies and their health care. Today and every day, my administration continues our efforts to reduce unintended pregnancies, support maternal and child health, and minimize the need for abortion. On this anniversary, we recommit ourselves to supporting women and families in the choices they make and redouble our efforts to promote safe and healthy communities.
